In re application of

Kazunaga SUZUKI : Attn: APPLICATION BRANCH  
Serial No. 09/689,761 : Docket No. 2000-1427A  
Filed October 13, 2000 :

**LIQUID JETTING APPARATUS**

**PETITION TO WITHDRAW HOLDING OF ABANDONMENT**  
**UNDER 37 CFR 1.181(f) - OFFICE ACTION NEVER RECEIVED**

Assistant Commissioner for Patents,  
Washington, DC 20231

Sir:

During a routine status check of the present application, it has now been discovered that a requirement to filing missing parts of the application was issued on December 1, 2000. However, such requirement was never received by Applicant's undersigned representative.

Upon information obtained from Patent Office personnel (as Applicant's undersigned representative still has not received any correspondence regarding this application) it is understood that the requirement to file missing parts was issued on December 1, 2000. Accordingly, Applicant assumes for purposes of this petition that the due date for the response to such requirement would have been February 1, 2001.

Under the provisions of MPEP §711.03(c), Applicant hereby states that the Office communication was not received by the undersigned. A search of the file jacket and docket records indicates that the Office communication was not received. A copy of the docket records where the non-received Office communication would have been entered had it been received and docketed is attached hereto. These docket records include a computer docket report and a manual docket kept by Karen Libby, secretary to the undersigned. Entries for February 1, 2001 verify that such Office Action was not docketed.

In view of the above, a remailing of the requirement to file missing parts of the application is requested, setting a new response date.

Respectfully submitted,

Kazunaga SUZUKI
